OMA Workforce Summit 2017

Ohio TechNet proudly supported Ohio Manufacturers' Association's 2017 Workforce Summit and we look forward to continued partnerships with manufacturers in need of skilled talent.

An audience of about 500 gathered at the Greater Columbus Convention Center on November 1, 2017 to explore national and regional workforce models that are positively impacting the manufacturing industry and to discuss development of similar sector strategies statewide to grow Ohio's manufacturing talent pipeline.

Prior Learning Assessment

Ohio TechNet is proud to support the launch of a PLA Tool for adults interested in determining if prior learning could be used to accelerate college completion. Academy One will be creating this tool for Ohio and their success in developing a similar tool for California is featured in a recent Stanford Social Innovation Review article.

Learning From Other TAACCCT Initiatives

Talking Story in Hawaii: Using the StoryTelling Rubric to Share the Value of TAACCCT

Nicolette van der Lee discusses the value of tools shared through the StoryTelling Network IMPACT *community*. As recipients of a \$12 million TAACCCT Round 2 grant shared among a consortium of community colleges on the islands of Hawaii, Oahu, Kauai, and Maui, figuring out a way to “talk story” to connect with their community and beyond was integral.

Ohio TechNet is designed to transform the way in which higher education works with employers to better align education and training with industry needs for Advanced Manufacturing in Ohio. The goals and strategies of Ohio TechNet are to better identify businesses' most pressing needs, align and accelerate training programs to fill the skills gap, and support transformation of the state's workforce delivery system.

Ohio TechNet launched in 2014 via a \$15 million TAACCCT grant made to LCCC on behalf of a statewide consortium of 11 Ohio community colleges including Columbus State, Cincinnati State, Tri-C, Eastern Gateway, Lakeland, LCCC, Owens, Rhodes, Stark State, Sinclair and Zane State.

This workforce product was funded by a grant awarded by the U.S. Department of Labor's Employment and Training Administration. The product was created by the grantee and does not necessarily reflect the official position of the U.S. Department of Labor.
